Council of European Grandmothers

We are a group of grandmothers who are committed to:

- Leaving a better world for the next generation.
- Giving a voice to the voiceless.
- Balancing the feminine and masculine principles that part of all human beings.

We meet every 9 months in a European country to discuss different topics.

We women are the guardians of life and as grandmothers we value love, empathy, respect, coexistence between generations, the return to living in harmony with Mother Nature/Cosmic Mother, nutritious food, the development of our gifts and talents and the respect for all beings that inhabit the planet.

## THE DEATH

In this 8th Council we will reflect on death, which goes hand in hand with life. We will share the different visions of European grandmothers with the participants. We will do ceremonies with the five elements.
