

9th meeting of the Council of European Grandmothers in Wildhaus on the topic of "Light"

The first days of February have been special days since time immemorial: the daylight is clearly perceptible, the hours of sunshine are increasing. Life in nature is slowly waking up, winter will soon be over. In the Celtic tradition this time is called Imbolc when they Celebrate the Return of Brigid, the Goddess of Light. The Christian culture knows these days as Candlemas – candles are blessed that will accompany you through the year.

After our internal work on the "Light" from February 1st to 3rd we open the circle to everyone, women and men, young and old!

Translation is provided.

Saturday 3 February 24: Peace Fire Time: 8 p.m. to approx. 9 p.m.

Meeting point: parking lot at Schönenbodensee, 9658 Wildhaus; from there it's a short walk
