# Council of European Grandmothers

## COUNCIL MEETING

### TOPIC: THE POWER OF THE CIRCLE

---

We meet every nine months, going from country to country.  
Nurturing and expanding the vision of the Council through presence, relationship, and service for the now and the coming generations. We call ourselves **The Council of European Grandmothers**. We are not an organisation, we are *an organism* of nurturing power, natural wisdom and willingness to do our part to support, achieve and maintain a healthy living environment – in our time, for the children, grandchildren and future generations.
